**STUDENT ACHIEVEMENT**

**Congratulations!!!**

**Vikash Verma**

(Student of MPU)  
Selected in Naval Ship  
Attachment Camp-2022

The sky is the limit and Vikas Kumar NCC CADET of MPU (B Pharma) has proven it. He is the only cadet selected from Madhya Pradesh and will be the one from the 300 chosen cadets from all over India.

**Congratulations!!!**

**Kareem Uddin**

(Student of MPU)  
Selected in Madhya Pradesh  
Team(Handball)  
for khelo India Youth Games  
2021-22

Here's another wonderful achievement from Kareem Uddin, a student of Madhyanchal Professional University, who has been selected for handball representing MP.

**Proud Moment**

**Satyam**

(Student of MPU)

Satyam student of DCA, top notched in "All India University Boxing Tournament 2021" against Md. Arsad of AUHN University, Kerala, and also got selected for Assam Rifle.

**NATIONAL CONFERENCE**

# Advances in Sciences, engineering & technology for Sustainable Development

Inauguration of the National Conference on Advances in Science Engineering and technology for Sustainable Development goals organised by Madhyanchal Professional University. The Chief guest for the event was Mr. Vijay Singh, Professor, Texas A&M University USA and Guest Of honour Dr. Ravi Galgat, Deputy Director, National Institute of Hydrology Roorkee and Dr. Gyanendra Singh Sir, EXVC Chitrakoot University. The Special Guest for this occasion were Dr. Ajit Singh Patel, Pro-Chancellor, MPU and Dr. Rahul Jaiswal from National Institute of hydrology. More than 200 participants registered for the

Conference by submitting their research papers in the field of Physical/Chemical/Life/Earth/geoSciences, Engineering and technology, Waste management and Utilisation, Disaster management etc. Many guest

speakers for the session shared their views and research ideas and findings for increasing the sustainability of development in the area of water, environment energy and natural resources and minerals.

## AWARDED FOR EXCELLENCE IN EDUCATION SECTOR

Madhyanchal Professional University has been awarded for 'Excellence in Education-Central India' by Zee Media at the Edufuture Excellence Awards held in New Delhi, Mrs. Preeti Patel, founder & Chancellor, of MPU and Patel Group of institutions received the award and was felicitated by Mr. Manish Sisodia, Deputy CM of Delhi.

## Principles and Procedures of laboratory animal handling

An interactive session was organized on the techniques to deal with small mammals and the ways to deal with the withdrawal of body fluid in rats and mice was conveyed by the speaker during the workshop.

## SOFT SKILL TRAINING-NSDC

A five day Certification Course on future ready employability skills is being organized by the Faculty of Engineering in collaboration with National Skill Development Corporation (NSDC) conducted by DELL technologies and American Indian foundation.

## HANDS ON WORKSHOP ON PYTHON PROGRAMMING

Workshop on Python programming was conducted by Faculty of Engineering in collaboration with Saksham Digital Technologies where the experts Ms. Deepika and Mr. Shiladitya Raj explained about the uses of python in the industry followed by practise session. Total 150 Students attended the workshop. This workshop successfully achieved its objective of exploring Python Programming from Fundamentals to Advanced Topics that are helpful for the penultimate year of engineering students especially in Computer Science and Information Technology.

### ROBOT CLUB

ONE DAY AWARENESS SESSION ON "ROBOTICS" IN ASSOCIATION WITH IIT BOMBAY

The role of this ROBOTICS was to gather like-minded individuals from across the country or across the globe, to learn, discuss thoughts, network, share ideas, create new ideas, and to ignite motivation. One Day Awareness Session on "Robotics" was conducted by Faculty of Electronics And Communication Engineering, where the experts Mr. Arpit Soni has given the awareness about the Technologies.

## Workshop on Tablet Production

The Patel College of Pharmacy organized a workshop on tablet production, where students learned about the excipient process as well as how to set up, operate and clean a tablet press. Patel group of Pharmacy also organized a free workshop and Process training on Tablet manufacturing. The workshop focused on the Tablet press setup, operations, defect resolutions, compression tooling inspection, care and on the process of preparing powders for manufacturing.

## Industrial Automation And IIOT

Role of MSME & Industrial Automation play a critical role in the development of society, for this Mr. Arvind Soni Automation Engineer, Arist Automation Private Limited, has delivered a lecture via Offline platform. He highlighted about the needs of industrial Automation and MSME and also explained the procedure of handling industry and there process. He interacted with the students to know about Industrial automation, few students discussed there idea with them. This seminar was conducted for students by the Department of Electrical Engineering.

# Cyber Security Industry Academia Summit 2022

Inauguration of Cyber Security Industry Academia Conclave "Security 360" was done by the Chief Guest, Mr. Vaibhav Shrivastava, AIG Cyber Crime, Bhopal, Special Guest, Dr. Ajit Singh Patel Pro Chancellor ,MPU

and in the presence of Technical experts Dr. Astitva Bhargava, Professor, Department of Cyber Law, National Law Institute University, Bhopal at Madhyanchal Professional University. The Chief Guest

Enlightened the students about various cyber frauds and how to keep your data and accounts safe from fraudulent visitors on internet and how to safely use the social media. The other experts explained about

various Cyber laws and future scope in this field. The Staff from various colleges have attended the summit and there was an immense response from the students. The session was very informative for today's youth.

## How to balance between your career and your relationship

*"Never quit and you will be a winner"- Mr. Amol Wagle*

## MPU CRICKET LEAGUE

Final match of MPU cricket league was played between the teams Vedant and Alisha. During the face-off Team Alisha with their tremendous efforts and wonderful teamwork defeated the opposite team. Team Alisha displayed dominance in every area of the game be it bowling, fielding or batting. It was a pleasure to watch the team spirit that they have showed during the match. They truly deserved to lift the trophy by winning the final match. MPU Congratulates the winner for their victory.

**MPU students visited CIPET, Bhopal**

Faculty of Engineering and Technology has organized a visit to Central Institute of Petrochemical Engineering and Technology (CIPET) Bhopal, the students of different branches from EC, ME, CE and EE have visited the industry and came to know about the Design Development, Production, Testing and Quality Control and CAD/CAM labs of CIPET.

**MPU Students visited Regional Science Center, Bhopal**

To gain a practical exposure and knowledge, students from the School of Engineering (B.Tech and Diploma) visited the Regional Science Centre, Bhopal, and experienced various kinds of projects present there.

**MPU Students visited CRISP, Bhopal**

Industry visit to CRISP Bhopal was conducted for the students of B.Tech (ME, EC, EX and EE) branches of 3rd & 5th semester. This visit has helped the students to know about the CNC, Embedded Systems, Welding and Networking labs of CRISP.

**MPU Students visited Government Hitech Model Nursery Kanhasaiya, Bhopal**

The students of agriculture had made a visit to the nursery, in which the on-ground guidance was provided by the nursery specialist on vital aspects of the types and advantages of Nursery Raising, Treatment of soil against pathogens, and Nursery bed preparation. Use of Mulch and shading Nets or poly sheets, Weeding of nursery bed, Hardening of the plants in the nursery, and botanical descriptions.

**MPU Students visited NITTTR Campus, Bhopal**

They have recently set up a Center of Excellence in association with Siemens Industry Software (India) Pvt Ltd to provide high end skill training, industrial consultancy and research work in the field of Industry 4.0 and Digitization. By this visit, the students and faculty has gained the exposure to the 11 laboratories on new technology. These include Additive Manufacturing, CNC Controller, Electrical and Energy Saving, Industrial Automation, Internet of Things, Manufacturing Process

Digitization, Mechatronics, Process Automation and Instrumentation, Product Design and Validation, Robotics, Simulation, optimization and test.

**Rural Agriculture Work Experience**

MPU the Faculty of Agriculture science and technology, organized an Internship for the students. In which new technology from students and the traditional ways of farmers have been introduced.

**MPU Students visited LM Bakers, Bhopal**

School of Electrical and Electronics conducted Industry visit for these students to LM Bakers, Mandideep Bhopal for providing industrial exposure about various automation systems used in manufacturing and process handling.

ENGINEER'S WEEK

Students celebrated the Engineers Week  
"Technochallenge 2022"

Engineers Day was celebrated with lots of energy and excitement in the Madhyanchal Professional University. The Chief Guest on this occasion was Dr.K.K.Jain, Chairman, COE NITTTR, Bhopal and Ms. Ashwini Roy, Founder & Director Fox Advertisement and Mr. Subroto Howalder, Trainer and Professor, CRISP Bhopal along with Mr. Dinesh Patel, Executive Director, MPU. More than 200 students participated and exhibited their technical skills and talent through various competitions.

NATIONAL TECHNOLOGY DAY

The National Technology day was celebrated at MPU Campus Organised by Faculty of Engineering and Technology in which many activities were held like debate competition on "Is Technology harmful for the future or is it the driving force" in which 30 students participated and put up their views for and against the topic. The second competition was the "Technovation 2022 "in which students demonstrated their working prototypes and projects based on latest technological advancements like IOT, robotics, renewable energy sources etc.

PHARMACIST WEEK

Patel College of Pharmacy conducted an Art and poster-making competition during the Pharmacy week, by giving a platform to channel the creative expressions of individuals. It was an honour to have the Chief Minister of Madhya Pradesh, Shri Shivraj Singh Chauhan, who has also inaugurated the Plantation drive scheduled during the celebrations of Pharmacy week.

**MPU Organized Orientation programme "ABHIVINYAS"**

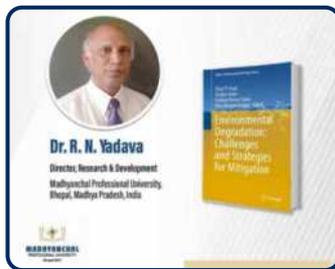

**A**s a part of ongoing Orientation programme of First year students of Madhyanchal Professional University, 'ABHIVINYAS' was organized under the aegis of NSS. The guests on the occasion was Shri Anant Saxena and Shri. Rahul Singh Parihar addressed the students and shared knowledge on outreach programs and activities of NSS. They highlighted the benefits of participating in youth development activities like team building, disaster management, village adoption etc. Main highlights of the program was presentation of a video by NSS Unit, RRCE before the dignitaries, Hon. Executive Director, Hon. Pro. VC and Hon. Registrar graced the occasion.

**Deputy Commissioner of Police addresses TSC Cadets**

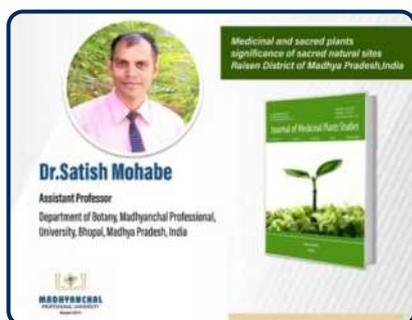

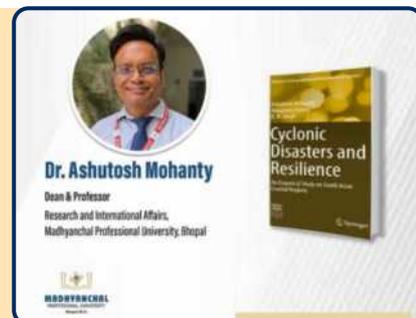

**T**he budding cadets are learning a lot in CATC Penultimate. In this TSC Cadets practicing drill was addressed by Ms. Richa Choubey, Deputy commissioner of police(Women Safety), MP Police, Bhopal. We thank madam from bottom of our heart for most needed topics which was focused mainly on the Career opportunities for NCC Cadets and also the importance of Women Safety, FIR and POCSO act which will definitely nurture our Cadets to be alert and take the responsibility for spreading Social awareness in Society.

Keeping in line with the active research culture of our University, we are pleased to update you that Dr R.N.Yadava has authored his third book published by Springer Nature. The book focuses on problems, challenges and strategies for mitigation in the wake of environmental degradation. The book highlights issues arising due to growth in the population industry and land use changes. Further he stresses on the statistic planning and meteorological handling of environmental degradation and remediation through various process and treatment technology. The uniqueness of this book is its broader spectrum of coverage with related interconnections. This book will be of great benefit to aspiring researchers.

We are pleased to update that Dr. Ashutosh Mohanty, Dean of Research and International affairs has authored a book titled, "Cyclonic Disasters and Resilience: An Empirical Study on South Asian Coastal Regions", which has been published by Springer Nature in a Scopus indexed book series titled, "Advances in Geographical and Environmental Sciences". This book is unique in nature because it is the first Reference Book in South Asia, which covers 200 years of major cyclonic analysis of South Asia. It includes a wide range of topics related to cyclonic disasters, resilience strategies, and capacity building. The book is significant as it demonstrates various pathways to a better prepared, sustainable and cyclone resilient future by highlighting the issues and solutions for disaster management. We are extremely proud of our Dr. Mohanty's research. The book will prove to be an important piece of academic literature for South Asian Researchers, students, academicians and policy makers.

Research in MPU Medical plants have been used for the treatment of various diseases since ancient times. Dr. Satish Mohabe carried out a research into the usage of traditional medicinal plants found in the sacred groves of Raisen district of Madhya Pradesh. Sacred natural sites have a profound cultural value and are important to indigenous tribal communities for their economic sustenance. Furthermore, such sacred natural sites and their management by local people is an example of a sustainable system of practice which helps conserve the environment.

The book that you now have before you are a product of the conviction that we should care about Agriculture journalism and its study. We should care about journalism because it's central to democracy, citizenship, and everyday life, and we should care about journalism studies because it helps us understand this key social institution. We are not alone in holding this conviction: Agriculture Journalism studies are one of the fastest growing areas within the larger discipline of communication research and media studies. As indicated by a serious, though not altogether coherent body of academic literature and ongoing scholarly work, the study of journalism has matured to become an academic field of its own right. We felt that the arrival of Agriculture journalism studies ought to be both celebrated and solidified, and to honor this ambition, the book of Agriculture Journalism Studies was conceived as a gathering place for the varied lasting and emerging preoccupations of scholar's in the field. This book therefore bears witness to the rapid and exciting developments with in this important area of research, as well as its complexity, richness and promise in terms of theory and research. We hope the book can boost the intellectual foundations of journalism studies, providing the reader with an overview of journalism as a dynamic field of study across its diverse epistemological, theoretical and methodological traditions.

MPU continues to be a breeding ground for rigorous academic research. Yet another feather in our cap. Our warmest congratulations to Dr Nitin Dubey, Associate Professor in the Department of Mechanical Engineering for this achievement. His Research Project on "Performance analysis of geothermal ventilation system for reducing energy consumption" has been approved by MPCST Bhopal.

Cheers to this one and many more to come.

Dr. Pushpita Rajawat got awarded for Best Educator under the category Pride Of India Awards-2022 for Academic Excellence. Congratulations for your achievements. We are glad our teachers are getting the recognition they deserve for their abilities.

Cheers to this one and many more to come. Dr. G.F. Ansari got awarded for Sarvottam Bhartiya Shiksha Padak 2022 by Educacio World for Academic Excellence. Congratulations for your achievements. We are glad our teachers are getting the recognition they deserve for their abilities.

A proud moment for MPU as Dr. Mohanty represented India in the technical session focussed on Indus Basin Water Resource Management. We are proud that our faculty are scaling new heights everyday.

# Pride and happiness of MPU

*Celebrating the dedication and the way to this achievement which you all have earned every bit of success you're enjoying.*
